

## Ode to an Old Time Dog Trainer

*(Sung to the tune from M.A.S.H)*

With every breed of dog I see  
Sights of what they need to be  
Obedient and trustworthy  
That is why they're brought to me  
For ham and cheese is pointless  
It makes them fat and useless  
But you can do your own thing if you please!

From a Bichon to a GSD  
None will ever outrank me  
Dominance and a good firm 'check!  
"Of course it will not harm their neck"  
Pin them down and hold there  
Or prod as though you don't care  
Will only go to show them who is boss

So come prepared for wind and rain  
This is the only way to train  
A good strong chain and a tug reward  
I am not one to be ignored  
And Fluff will learn to SIT! STAY!  
No need to fuss, she's okay.....  
But you can do your own thing if you please!

Yes you will do your own thing as you please!!
